Chappy News

Hi all, this week's news is inspired by an old sitcom, 'The Million Dollar Man'. An astronaut was severely injured in an accident. The doctors on the show said "we can rebuild him, we have the technology". In what was a tragedy initially, he was rebuilt but with super ability. How do we rebuild after tragedy? As I have looked around at some of the houses after flood water has been through, it is a reasonable question to ask. What do we do first? What do we need? What do we want? My heart goes out to those who have been dealing with this in recent days. It seems the Aussie way is to keep going, keep fighting, pull up your bootstraps and just do. Part of that is seen by the number of rubbish bins filled with spoiled items such as near the caravan park. The big clean-up has begun. Give up is not the Aussie way as tempting it may be from time to time. I am heartened by the availability of various types of helps. Speaking of help, I will have about 6 food boxes available soon. If one of them could be of assistance to you, please don't hesitate to contact the school office. Proud of you pancake morning is fast approaching on the 6th of December, my apologies for any sugar overload from the mix- ins 😊. Until next week, Chappy
